From the enclosure to the D.O. it is seen that the Postal Department has been holding its own properties in certain parts of the State (Sandakphu, Phalut etc.) It is also understood that a question about the Department acquiring properties in lands of Shamsher is also under consideration in the Post Office Branch. Their attention may perhaps be invited to para 10 of the Home Department.

SIR,

I have the honour to forward herewith copy of a letter addressed to me by the Deputy Commissioner, Kadur District, (together with the enclosure received therewith) in regard to the grant of sites for constructing new buildings for the Imperial Post Offices at Mudigere and Koppa. In both these localities, it is very difficult to get suitable private buildings. Even if these are secured, there is always difficulty in obtaining renewal of leases except by a substantial increase of rent at a rate which private individuals would not readily consent to and the Postal authorities have therefore frequently to depend upon the help of the Department, to settle these rents. In these circumstances, I beg to suggest that the Deputy Commissioner may be authorised to grant to the Postal authorities a suitable site at a fair valuation for constructing a Post Office at Mudigere and Koppa. The grant of any such sites will not affect the rights of the State in any way and it may be made clear that the buildings in regard to the payment of Municipal and other taxes and jurisdiction will be governed by the ordinary laws prevailing in Mysore.

I have the honour to be,

Sir,

Your most obedient servant,

Letter No:O.C.331/24-25 dated 28-10-1924 from the Deputy Commissioner, Kadur District, Chickmagalur, to the Director of Industries and Commerce in Mysore, Bangalore.

I have the honour to enclose for your kind information copies of the correspondence between the Post Master General, Madras, and myself in the matter of construction of new buildings for Imperial Post Offices at Mudigere and Koppa.

On the 17th August 1924, Mr.Hanson interviewed me at Mudgere, where I was camping, and asked me if I could help him in securing sites for constructing new buildings at Mudegere and Koppa, as the Postal Department felt some difficulty in securing suitable buildings for the Post Office.

In view of the paucity of good houses in the two places, I considered that the addition of a decent public building in each would materially improve the Malnad towns.

Accordingly I consulted the Municipal Councils in the 2 places, and their resolutions are appended. The Mudegere Municipal Council not having given its final opinion, the Amildar - President has been asked to place the subject again before the Council early.

The correspondence with the Post Master General, Madras, has been conducted so far unofficially, and I did not deem it advisable to approach Government through you before the proposals took a practical shape. The last letter of the Post Master General furnishes a definite expression of opinion and have accordingly made this reference to you with a request that you will kindly address Government in the matter of complying with the request of the Post Master General for the grant of sites for the purpose at the two places. The proposal has received the concurrence of the Koppa Municipal Council and the people there, and I believe, Mudigere Council will also agree to it. Sanction of Government is necessary for the disposal of Municipal property and before addressing Government from this office, I have thought it fit to seek your advice, as the subject relates to the Postal -

With reference to our conversation of this morning, I shall be obliged if you will kindly acquire a vacant site for the construction of an Imperial Post Office building at Mudigere, on a low valuation, at an early date. Either of the Sites which we inspected together, near the Forest Ranger's office and quarters, will suffice for Post Office purposes, provided that there is sufficient space for a compound with a frontage on the main road measuring at least 60 feet. Kindly let me know soon whether such a plot is available and what the cost of acquisition will be, to enable me to provide the necessary funds. I shall also be grateful if you will allot and secure a site in a central position for an Imperial Post Office building to be erected at Koppa, where similar difficulty about adequate accommodation for postal purposes is felt.

A sketch plan showing position and area of the site required for the Post Office in each case, may kindly be sent to me with your reply.

Thanking you for your kind promise of assistance in this matt

Re: Construction of new buildings for Imperial Post Offices at Kopp and Mudigere.

I have the honour to acknowledge, with thanks, your letter No: C.531/24-25 dated the 27th September 1924, enclosing two plans of the sites selected for the Imperial Post Offices at Koppa and Mudigere and a copy of the resolution passed at the Municipal Council Meeting at Koppa, and to say that I am much obliged for the interest taken and assistance rendered in the matter. The site selected for the Post Office Building at Mudegere is suited to our requirements and I approve of it. As regards the other site, I have called for a town Map of Koppa to see its position with reference to other Government Buildings, and on its receipt, I shall be glad to let you know whether this site would be suitable.

2. I may mention in this connection that under the Government of India Act of 1915, there seems to be some difficulty in the way of Government acquiring land in Indian States? Stores. I have referred this to the Director General of Posts and Telegraphs and the Resident in Mysore and I now understand that the decision in the matter rests with the Government of India. This will be communicated to you as soon as I am in a position to do so. In the meantime, I shall be much obliged if the further communication promised in para 2 of your letter under reply regarding the conditions of the grant of the site for the Mudegere Post Office is sent to me as early as convenient.

Proceedings of the Special Meeting of the Koppa Municipality held on the 21st August 1924.

Subject:-

Construction of an Imperial Post Office in the Koppa Town.

Resolution:-

The Deputy Commissioner in company with the Towns people has selected 2 sites on 19-8-1924, one near the Musafarkhana and another close to the Motor shed at Kelepete. Both these places may be given over by the Municipality. The site near the Musafarkhana has a well close by and also it is nearer to the Police Station and the Hospital This site is more elevated than the other one and is midway to both the Kelepete and Melpete. We are of opinion that this place is well suited for the purpose.

The second site is only in the centre of one pete and has no well near by. Darkhasts have been received for this place. The adjacent places belong to private people. All these have to be - - acquired. Considering these things we are of opinion that construct- ing the Post Office near the Musafarkhana is well suited. The - - Municipality may give over this place free of cost for this purpose.

Sir,

I am directed to forward a copy of a letter No. D.G.1, dated the 10th September 1924, from the Postmaster General, Madras. Letter No. D.G.I., dated the 10th September 1924. from the Postmaster General, Madras, to the Secretary to the Hon'ble the Resident in Mysore

Acquisition of land by Government in Indian States.

I have the honour to say that some of the rented buildings in which the Imperial post offices were located in the Shimoga and other districts in the Indian State of Mysore, have collapsed or have been rendered uninhabitable owing to the recent abnormal rains and inundations. In consequence, some of the post offices in these areas have been temporarily moved into sheds or other structures pending settlement of the question of future location. As it is not possible to get landlords, who have suffered from the floods, to place new and sound buildings at the disposal of the Postal Department, it is under contemplation to erect Imperial Government buildings wherever necessary. The district authorities and the local municipalities are more disposed to allot or acquire sites for departmental buildings at this crisis than in normal times; and, as an instance, I might mention that the Municipal Council, Shimoga, has been kind enough to offer, at a moderate price, suitable sites for the construction of Imperial post offices in the town of Shimoga. I do not wish to lose this opportunity of improving postal buildings in Mysore State, especially as there is a prospect of getting the necessary funds shortly.

2. I understand that, under section 30 of the Government of India Act of 1915, the Imperial Government cannot acquire property in a Native State. The Government Solicitor, Madras, who was recently consulted on the subject, intimates that section 28 of the Act appears to be wider in its scope and to empower the Secretary of State for India in Council to purchase or acquire any property whether within or without British India and that the purchase or acquisition should be done through the Political Department. At the present time there are post offices constructed from Imperial funds, at Saklaspur, Chikmagalur and other places in the Mysore State. These were built long before the Act came into force. In the circumstances, I request the favour of being informed whether there is now any real difficulty in the way of this Department acquiring land in Mysore, and, should

acquisition be permissible under the Act, I shall be glad to know the procedure to be followed.

3. I may add that I have already applied to the Director General of Posts and Telegraphs for the necessary grant for the construction of new departmental buildings for the marginally noted Imperial post offices in the Mysore State. I request the favour of an early reply, since, if land can be acquired, the necessary acquisition proceedings should be completed without delay to enable me to have the construction work undertaken immediately and completed before the end of this official letter.

Letter No.OC.331/24-25 of 14-1-25, from the Deputy Commissioner Kadur District, Chickmaglur, to the Director of Indus.& Com.

I have the honour to invite your kind attention to this office. refernce No.OC.331/24-25 dated 8th.instant in the matter of granting a site for the construction of an Imperial Post Office at Koppa and to state as follows:-

2. The Amildar President of Koppa Town Municipal Council has reported to me that the Municipal Council have resolved to grant --- free of cost the site lying between Dispensary and Girls' School at Koppa for the construction of the Post Office. The dimensions of the site are 30 x 40 yards. The Post Master General, Madras, has telegraphed to the President, Municipal Council, Koppa, to make over the site to Sub-Post Master as the construction of the building has to be taken up at once. A copy of this has also been sent to me for information. I would therefore request you to move Government to pass early orders in the matter at a very early date. The Amildar President reports that he has permitted the construction of the building on the site in anticipation of Government sanction
